Content of Pack

Micro Waste Pack:

1 x Large Black Bag - For Triple rinsed spray containers that have been de-labelled with tops & foils removed, fertiliser/top dressing bags & other plastic packaging. (Capacity 25 x 5litre containers per bag.)

1 x Yellow Hazardous Bag - For tops, foils, labels, disposable spray suits, gloves & grease cartridges.

2 x Cable ties

1 x Certificate (emailed to customer with rep CC'd in)

One collection per Waste Pack 12 months after registration unless extended.

Chemastic will contact customer in month 11 to arrange collection, reorder or extension. Rep then contacted by chemastic for order

What happens if customer unable to fill pack within 1 year?

Certificates can not have an open ended end date as they are legally used to show proof of disposal.

- All customers contacted in month 11 to arrange a collection.
- If they are not ready for a collection, they can extend for an extra year and so on. Spreads cost!!
- Recontacted month 11 following year
- They can contact us directly for a collection if required

1 year extension certificate

Cost to Customer £66 + vat
